PROFESSIONAL SUMMARY

Client Partner in mobile ad tech owning both sides of the marketplace — advertiser user acquisition (demand) and publisher monetization (supply) across an \$11M/month book of 20+ mobile app clients. 5+ years of client facing experience at Unity and Uber, consistently exceeding revenue targets (up to 128% of quota) through campaign optimization, upsell, and executive relationship management. Seeking client partner and growth roles in new york .

EXPERIENCE

Client Partner | Unity | San Francisco, CA (Hybrid) | Aug 2025 – Present

- Own post sale growth strategy for an \$11M/month book of 20+ mobile app advertisers and publishers, spanning user acquisition (demand) and ad monetization (supply); exceeded quarterly portfolio targets at 128% (Q4 2025), 106% (Q1 2026), and 115% (Q2 2026).
- Manage paid user acquisition campaigns end to end: campaign build and optimization, budget pacing, audience targeting, creative iteration, and performance analysis against CPI/CPA and ROAS goals.
- Turn campaign and marketplace data (SQL, Looker, Tableau) into actionable growth recommendations; partner cross functionally with Product and Engineering to resolve delivery, tracking, and performance blockers.
- Lead QBRs and executive business reviews with C level stakeholders, driving upsell, cross sell, and long term product adoption to expand accounts and protect retention.
- Advise publisher clients on pricing strategy and inventory management to maximize yield — supply side fluency that sharpens demand side media buying decisions.
- Use AI tools to scale campaign analysis and client output across day to day account work.

Monetization Operations Lead | Uber | San Francisco, CA (Hybrid) | Jan 2022 – May 2024

- Served as operational partner to Account Managers across 8 strategic enterprise accounts (Walmart, Apple, Sephora, Albertsons), resolving billing, promotions, and technical escalations to protect \$16M+/month in enterprise revenue.
- Recovered \$7M+ in previously uncollectible balances through a targeted credit card recollection program; reduced accounts receivable by 60%+.
- Built invoice automation from 0% to 96%, improving billing accuracy and turnaround for high value clients.

Customer Success Onboarding Specialist | Uber | Seattle, WA (Remote) | Mar 2021 – Jan 2022

- Onboarded 1,000+ merchants through the Postmates acquisition, driving product adoption and retention across SMB and enterprise portfolios.
- Launched proactive account health checks that reduced churn risk by 6%.

Patient Services Manager | Pacific Pain Specialists | Seattle, WA | Mar 2020 – Mar 2021

- Coordinated full cycle patient care across providers, insurers, and legal stakeholders; cut intake time 25% and processed \$3M+ in annual claims.
